

Practical 9: Google Form Quiz with Timer

Aim:

To create a Google Form Quiz with automatic grading and a time limit.

Objectives:

- To automate quiz assessment
- To use a time limit add-on

Materials Required:

- Google Forms
- Timer add-on (like Form Presenter)

Procedure:

1. Create Google Form

Open Google Forms and start a new blank form to create your quiz.

2. Convert to quiz

In settings, turn on “Make this a quiz” so you can assign points and correct answers automatically.

3. Add questions

Add 5 multiple-choice questions (2 marks each) and 1 short-answer question (for manual evaluation).

4. Limit responses

Turn on “Limit to 1 response” so each student can submit only once.

5. Shuffle questions

Enable the shuffle option to randomize question order for each participant.

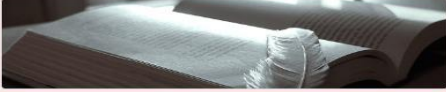

6. Add timer

Install a timer add-on from the Add-ons menu and set a 10-minute time limit for the quiz.

7. Send form link

Click “Send” to get the form link and share it with students.
